SANDS' SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, NAMELY:

Scrofula, or King's Evil, rheumatism, obstinate cutaneous eruptions, pimples, or pustules on the face, blotches, biles, chronic sore eyes, ring worm or tetter, scald head, enlargement

and pain of the bones and joints, stubborn ulcers, syphilitic symptoms, sciatica, or lumbago, and diseases arising from an injudicious use of the mercury, ascites, or dropsy, exposure or imprudence in life. Also, chronic constitutional disorders will be removed by this preparation.

The proprietors submit to the public the following certificate, from a highly respectable source, of the cure made by using their preparation of Sarsaparilla, which cannot but have the effect of placing beyond all doubt the curative powers of the medicine.

New York, August 3, 1842.

"Messrs. Sands—Gentlemen: Under a feeling of gratitude inherent to us all when suddenly relieved from suffering and disease, I now, as an act of justice due to you, and with a view of relieving the afflicted, make known to the world the inestimable benefit I have received from the use of your Sarsaparilla. In the year 1832 I sailed from England in a vessel bound for Quebec, and while on the passage first discovered the disease which afterwards proved to be a sore affliction; and truly I can say, 'from the crown of my head to the sole of my foot there was no soundness in me.' From the time first mentioned down until the present, a period of more than ten years, I have suffered all that human nature was capable of bearing. I have been under the care of the most distinguished physicians both in this country and in England, visited Bath, Cheltenham, Bristol and Gloucester, tried various specifics, among others a large quantity of Swain's Panscoe, used sulphur baths, &c. As a last resort I was induced to wrap myself in a tar oilment, keep myself secluded, shunned by all, myself also shunning. I was induced to believe my case a hopeless one.

In August last, by the advice of friends, I went to the New York City Hospital, but was there told that my case was incurable. The disease now enveloped my whole body, rendering me almost helpless; the skin thickened and cracked, and blood and matter ran, and life itself became almost a burden. A few weeks since I was induced to use your Sarsaparilla by hearing it so highly recommended, having spent nearly \$3,000 without obtaining but little relief. After using it a short time, I found myself better, and now, by using six or eight bottles, costing me less than ten dollars, I am well. Yes, I certify and declare to the world, that after spending near \$3,000 in traveling and doctoring, and suffering more than can be told, I was perfectly cured by using your invaluable preparation of Sarsaparilla; and I now recommend it to all similarly afflicted. Those wishing to know further particulars will find me at my residence, No. 27 Warren street, New York, where I shall be happy to communicate any thing in relation to the above cure.

PAUL BURDOCK."

Prepared and sold by A. B. SANDS & Co. Druggists and Chemists, Granite Buildings, 273 Broadway, corner of Chambers street, New York.

For sale by Druggists throughout the United States. Price \$1 per bottle, six bottles for \$5.

The public are respectfully requested to remember that it is Sands' Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject, and ask for Sands' Sarsaparilla, and take no other.

TO the Medical Faculty it is presented for demonstration as a desideratum, when properly applied, in the following cases, viz—where the nipple is inverted; where there is excoriation in its irritable form; or even where it has completely sloughed. Perhaps the most extraordinary circumstance pertaining to its operation is, that it operates with perfect ease to the Mother, and perfect facility to the Child. It will be seen at a glance that this article is far superior to any other article of the kind which has yet been offered to the public.

PATENT MILL WHEELS.

THE Subscriber having for a long time given his attention to the construction and operation of Water Wheels, has finally succeeded in the invention of two kinds of Wheels for which he has received Letters Patent from the Government of the United States.

These Wheels are simple in their construction, cheap and durable, are easily put in operation, and are not liable like most other wheels to get out of order, they are not obstructed by back water, when the head is not diminished thereby; and the same power and speed is obtained, with about one half the quantity of water usually applied to wheels now in general use.

A great number of these Wheels are now in operation and give in all cases entire satisfaction; and for further information respecting them the following gentlemen are referred to, all of whom have some of said wheels in operation Jacob Drummond, James B. Fiske, Amos Davis and Leonard March, Esqrs, Messrs. Pike & Norcross, Foster & Gilman, S. P. & H. Strickland, W. T. & H. Peirce & Co. Bangor, Hon J. S. Little, Portland, Hon John Otis, Hallowell; F. R. Fitz, Dedham; John Black and John M. Hale, Esqrs Ellsworth; Messrs. A. Campbell & Co. Cherryfield; Daniel Harwood, Esq. Machias; Levi L. Lowell, Calais.

The above wheels are manufactured and for sale at the Iron Foundries of Messrs. HICKLEY & EGGY and FRANKLIN MUZZY & Co in this city, who are furnished with a great variety of patterns, so that Wheels of any particular description, or adapted to any given head of water, can be furnished at short notice. The Election.

Are the Whigs in Maine ready for the election on Monday next? It is not for them to devote the few remaining days to the cause. The time is, they may depend upon it, propitious for them if they will but rally and deposit their ballots at the polls. If the usual Whig vote can be obtained the Whig cause in Maine will be successful.

The Whigs on account of the disappointment resulting from the treachery of John Tyler and thus preventing all their measures from being carried into effect, and thereby helping the country, have had much to discourage them. But true patriots should never despair. There are causes in operation which should give the Whigs courage and cause them, though the time is short, to give a full vote on Monday next. Remember the value of one vote! Let not your vote be wanting to secure a majority when one vote only may be wanting. The vote this year in the State will be small and of course the greater importance should be attached to the relative value of every Whig vote. Besides, party lines are getting to be less regarded and the iron force of regular nominations is weakened and men think it of some consequence to vote for the best men, and of course many persons who have heretofore gone for party alone will now go for the Whig candidates because they are the best men, and because they will not submit to political trading and will no longer sustain corrupt leaders. Wake up then Brother Whig and give a day to your country and secure the day in spite of the treachery of Tyler and the bargaining of locofocoism. Put in the vote. Get your neighbor to vote. Get out the Whig strength and a triumph awaits you and your cause such as will make the knees of corrupt politicians shake like Belshazzar's!

A correspondent of the Christian Herald speaks of a Come-outer priest in Maine who is endeavoring to put down preaching, by preaching against preaching, and holds meetings on the sabbath to put the sabbath down, and receives pay while opposing a hireling priesthood! yet these inconsistencies are all swallowed by some people in the nineteenth century. A preacher similarly engaged in a town in Massachusetts actually succeeded in gratingly injuring a well settled religious society and established a church and induced its members to support him. His usual address to saint and sinner was "you dear hypocrite."

A correspondent of the Gazette a few days since came out with a larking charge against Mr. Wm. H. Vinton, of this city as the keeper of a gambling house. Mr. Vinton in the Gazette of Saturday repels the charge and manfully states that he would as soon be guilty of obtaining money by false pretences as of keeping or patronizing any such pernicious and immoral establishment as that of a gambling house. Mr. Vinton some time since abandoned the sale of spirituous liquors and keeps a neat and comfortable temperance refreshment establishment.

It is exceedingly pleasant to see men and well grown boys enjoy the largest liberty and take strong hold of equality by roosting upon fences in different parts of the city, crowding the sidewalk in various ways and in diverse positions having every thing in their own way in a free and easy manner, compelling women to take the gutter or brush the filth from their boots with their dresses in order to pass them! This is a free country!

Repeal Meeting.

The second Repeal Meeting in this city on Friday evening was numerously attended, and was highly enthusiastic. Eloquent addresses were made on the occasion by G. H. O'Reilly and P. J. Devine, Esq., of Augusta; and by Hon. E. H. Allen and William Paine Esqs. The Repeal cause in this city was never more active or prosperous than at present. The sympathy manifested by our native citizens, many of whom are members of the Association, is highly gratifying to the generous hearted sons of Ireland here.

The visit of Messrs. O'Reilly & Devine to this city, has given new life to the Cause, and been productive of much good.

Dr. Cutter the distinguished lecturer on Anatomy and Physiology, will give an introductory lecture at the Mechanics Hall this evening. These lectures have been highly recommended to us personally, by several gentlemen, who have listened to them, and we advise a general attendance of the public, to listen to the introductory, and make themselves acquainted with the various apparatuses which the Doctor possesses with which to illustrate his subject.

At the Loco Caucus on Saturday evening for the purpose of nominating candidates, nothing was done, except to adjourn to next Saturday evening.

Rev. Orville Dewey, the distinguished Unitarian preacher and writer has returned with his family to New York. His health has been completely restored by his European tour.

The Enquirer wants us to be more explicit about the state of the vote in Indiana and Illinois. Very well. The election in Indiana was a mixed up mess and resulted in the choice of two Whigs to Congress and all the others are locos. The Whigs have a majority of one or two in the Senate and Locos of four or five in the House.

In Illinois the Whigs have one member to Congress and the Locos by courting the Mormons have the remainder. Mormonism and locofocoism makes a well matched team! Are you satisfied?

The Durham Silk factory, owned by the N. E. Silk Company, which has been unoccupied for several years has recently been re-opened and is now in operation. Thus, day after day, are proofs multiplying in favor of the benefits of the Tariff to the business of the country.

Messrs. Smith & Fennell have received the second and third numbers of McCulloch's Gazetteer in the course of publication, in uniform and elegant style by the Harpers. There are few works published of more value, and none more worthy of support.

Col. R. M. Johnson has commenced his Northern tour to Massachusetts and Vermont.

Capt. Tyler has gone on another visit to the Sulphur Springs, to get more brimstone, probably, with which to burn incense to locofocoism on his return to Washington.

The report that Dr. Ely had embraced the doctrine of Universalism has exploded. He preached a sermon the Universalists were pleased with but nothing more.

The N. O. Bee says, "The yellow fever is rapidly assuming an epidemic character; and we learn with regret that the disease has extended into private practice."

Governor Ford, of Illinois, has appointed Hon. James Semple, U. S. Senator, to fill the vacancy occasion by the death of Mr. McRoberts.

Yesterday the weather was delightful.

The Ball is Rolling on.

The friends of EDWARD KAVANAGH threaten to upset Hugh J. Anderson's apple-cart, in good earnest. They hold well attended meetings here once a week, where many good speeches are made, and the liveliest zeal manifested. They count on throwing for Kavanagh, in this town, nearly 150 votes. An enthusiastic meeting of Irish and native citizens was held at Whitefield on Saturday last, which, we are told, resulted to a man to vote for Mr. KAVANAGH. We hear of their rallying at many other places in Lincoln County, where Kavanagh will dispute the palm successfully with Anderson.

"The Ball Rollers" are not idle in Kennebec. A meeting of Kavanagh men was held in Windsor, on Monday evening last, where spirited resolutions were passed, and speeches made. The heaven is at work in many other places. Cumberland and Penobscot too are moving.

[Kennebec Journal.]

Proceedings of a meeting of the Democratic Voters of Augusta, opposed to the nomination of the Hon. Hugh J. Anderson, for Governor, held at the Town House, August 12th, 1843. The meeting met according to adjournment. The Committee to whom was assigned the duty of drawing up an address to the Democrats of Maine, with resolutions, being called upon to report, requested more time, being unable to attend to that duty within the time prescribed. The request was granted.

Dr. R. A. Coney introduced the following resolution, which was unanimously adopted: Resolved, That in the reply of the Hon. Edward Kavanagh to a letter addressed to him by P. C. Johnson, R. D. Rice, and Darius Alden, we see an increased inclination to give him our suffrages, for the reason that it is evidence that he is not and has not been attempting to thrust himself before the people.

After which the following resolution was unanimously passed—viz: Resolved, That a Committee of twenty be appointed to address and interrogate the different conspicuous individuals spoken of as candidates for the Presidency of the United States, on questions of national interest to the people of this country.

The Committee being filled—Voted, That the Secretary cause a copy of the proceedings of this meeting to be forwarded to the Democratic Editors of this State, with a request that they publish the same.

Arrival of the Steamship Margaret at Halifax—Five days later from England.

The steamer MARGARET arrived at Halifax, 27th ult.

There is no news of special importance. Lord Wellington had declared in his place in Parliament, in answer to a speech from Lord Roden, that the British government were fully prepared to maintain peace in Ireland, forcibly if they must, peacefully if they could.

A great meeting of pitmen engaged in the collieries, was held on the 6th at Black Fell, about four miles from Newcastle, for the purpose of forming a union to protect the rates of wages. More than 21,000 were present. There have been serious commotions at Lubbeck, originating in the discontent of some soldiers with the clothes supplied to them by the contractors. The Senate was obliged to resort to severe means of repression, and peace was restored.

The conservative nobility in the north of Ireland have had a meeting at Belfast, and passed strong resolutions against Repeal. The Repeal cause does not make much progress in the north.

Among the political rumors, is one that Lord Brougham is busily intriguing and very painfully anxious to resume his seat upon the woolsack.

Father Matthew appears to be pursuing his temperance career almost as triumphantly in England as he did in Ireland. Thousands heretofore votaries of Bacchus, have signed the pledge.

The Minister of War of France has received despatches from the Governor General of Algeria, dated the 19th of July, announcing the submission of the Flittas, a tribe which reckons no fewer than 40,000 souls, and also different successes in that part of the Province of Oran which lies on the confines of the Desert.

Mr. Bennett, Editor of the New York Herald, was coolly received, and even publicly insulted by Mr. O'Connell, at a repeal meeting at Dublin on the 7th.

It is stated that a treaty of Commerce has been entered into between France and Brazil, the terms of which are at present secret.

Her Majesty's war steamer Lizard was lost early on the morning of the 25th ult. She was run down by the French war steamer Pelonce, about 25 miles to the eastward of Gibraltar, while on her passage thence to Barcelona.

The fire which occurred at Grenada proves to have been a very serious affair; the property destroyed amounted to several millions of piastres.

The news from Spain is decisive. Espartaco has fled. Madrid accounts to the 3d ult. had been received in London. They furnish some particulars of events which took place at Seville and Cadix, previously to the escape of Espartaco. It appears that the siege of Seville lasted till the 27th, when Espartaco, finding his force too weak to meet that under Concha, fled at 3 o'clock on the previous morning. He was closely pursued, and a cavalry skirmish took place between Puerto Real and Port St. Marie. In the confusion, the Regent escaped to the Port, and embarked with Nongoros, Gomez, and other officers—but Van Halen, Alvarez, Ozario, and many officers taken prisoners.

A bell—the largest ever cast in England—which is intended for the Catholic cathedral in Montreal, has been shipped at London for Montreal. It weighs 7 tons 11 cwt. 2 quarters and 12 lbs.

Important from Africa.

The British brig James Hay, arrived at New York from the Sierra Leone, brings dates to July 1st.

The Brazilian bark Confidencia, was brought into port on the 20th June, having been captured on the 17th March, by H. B. M. ship Lilly, off Quillemaire river, in Mozambique Channel. She had a plenty of slave irons on board, but no slaves.

June 22nd, was brought into Sierra Leone, the Brazilian schooner Esperance, captured by H. B. M. brig Spy, off Popo, on the 29th May. She also was fully equipped as a slaver, but had no slaves on board.

Both the above vessels were condemned; also two other schooners, and the brig Gen. Warren, of Philadelphia.

The rainy season had commenced at Sierra Leone in good earnest. "The thunder storms of the present season, says the Watchman, have been terrific in the extreme; a long resident in the colony states that never since 1831 have those great wonders of God been known so awful." On the 19th of June, St. George's church at Freetown was struck by the electric fluid, and very seriously damaged. The clock was torn from its place, and a part of the spire rent from top to bottom. Other damage was done in the town, and much property destroyed.

A Calhoun Sentiment.

The Alabama Tribune, the leading Calhoun paper South of Carolina, thus speaks of Mr. Calhoun's position in reference to the Presidency: "Whatever be the mode adopted to bring before the Union the name of Mr. Calhoun, it must come from the honest and spontaneous will of those who approve him, not from the hollow voice of a self-created caucus. His friends may indeed consent to see that illustrious patriot neglected, but they will never consent to see him disgraced. Prejudice against his high and philosophical principles, insensibility to his merits they may be prepared for. These are the penalties which mean and groveling natures impose upon illustrious worth for dazzling their weak eyes and overshadowing their diminished souls; but huckstering, overreaching, and insidious vilification have no terrors for any but a class of men from whom no support is asked or expected. We do not oppose a nomination honestly made; but we forewarn all manufacturers of party machinery that no intimidation, no threat, can 'harass' men who scorn the sacrifice of their country for the safety of their party."

The Arkansas Intelligencer announces that Capt. Steen, U. S. Dragoons, has been ordered to march from Fort Gibson with his company West, until he intercepts another company of Santa Fe traders who are now on their route to Santa Fe, and from thence escort them to the limits of the United States.

D. C. Weston has been appointed Postmaster at Augusta in place of R. F. Perkins, Esq. removed. Such a removal and appointment as this will wake up the whig spirit, and no mistake.

Capt. Hatch, of the brig Mary Averell, arrived at New York, 18 days from Ponca, P. R. reports that, the day before he sailed, a letter had been received from the East end of the Island, stating that a gale had been experienced there which prostrated everything in its course.

At the great Repeal meeting on Tuesday evening at New York, the heat was so oppressive that Mr. Robert Tyler fainted at the conclusion of his speech.
